Without a dream
We don't get very far
Without a vision
We easily lose direction
It colors my day
light up the night
If I don't give up one day
My dreams will come true

'Cos I'm a dreamer, I'm a woman
good combination
I wanna be focused
On what's important
I'm a dreamer

I don't wanna be
Afraid of tomorrow
I just wanna cross
Some lines in my mind
A woman of destiny
I'm running with a purpose
In a race I can't lose
If I just hold on
To the things unseen

'Cos I'm a dreamer, I'm a woman
Good combination
I wanna be focused
On what's important
And I'm a lover, I'm a mother
Good combination
I'm gonna have a passion
In every move I make

I'm a dreamer, a dreamer in my heart
I wanna be faithful to my vision
This is my playground, come and play with me
Play with me, come join me...

I'm a dreamer and I'm a woman
Good combination

I wanna be focused
On what's important
And I'm a lover, I'm a mother
Good combination, yes I know
I'm gonna have a passion
In every move I make

I'm a dreamer, I'm a woman
Good combination
I wanna be focused
On what's important
I'm a lover
I'm a lover I'm a mother
Good combination
Good, good combination
I'm gonna have a passion
In every move I make
In every move I make
I'm a dreamer, I'm a woman
It's a good combination
Come and play with me...
