Walking  
I keep on walking  
Through the dark streets  
Of this lonely night  
I see shadows everywhere  
Though there's no one there  
It's the part of the town  
Where you can't turn around  
It's dangerous  
Searching  
I keep on searching  
Feels like the night has got  
A million eyes  
Watching every step I take  
Every move I make  
But I'm still on my way  
Though I should stay away  
It's dangerous  
I have a hunger deep in my heart  
Didn't know it was there from the start  
A hunger deep in my heart  
Feels like you ripped it apart  
I have a hunger deep in my heart  
And I won't spend the night on my own  
A hunger deep in my heart  
Don't wanna be all alone  
Hunger deep in my heart  
Hunger for love  
Walking  
(I keep on walking through the night)  
I keep on walking  
(I keep on walking - The time is right)  
(I keep on walking)  
Through the dark streets  
Of this lonely night  
Feels like all I had is gone  
Like I'm holdin' on  
To the edge of a knife  
I should run for my life  
It's dangerous  
I have a hunger deep in my heart  
Didn't know it was there from the start

A hunger deep in my heart  
Feels like you ripped it apart  
I have a hunger deep in my heart  
And I won't spend the night on my own  
A hunger deep in my heart  
Don't wanna be all alone  
Hunger deep in my heart  
Hunger for love  
Wheels keep on turning  
And I'm here on my own  
You have a heart  
Made of steel  
Made of stone  
I have a hunger deep in my heart  
Hunger for love  
(Hunger for love)  
(I have a hunger for love)  
(Hunger for love)  
(I have a hunger for love)  
I have a hunger deep in my heart  
Oh baby  
Didn't know it was there from the start  
A hunger deep in my heart  
Can you feel it  
Feels like you ripped it apart
