You think I would fall apart when you leave  
Well, I've got something you should know  
I'll live  
Thinking you can break my heart when you please  
But I'd rather be alone than to take this

Baby, don't you think I know  
I've got the goods on you  
You can't have someone else and me  
I won't pretend anymore

So stop telling me lies  
Just say your goodbyes  
Stop giving me reasons  
I'll live I'll live  
Stop telling me lies  
There's too much to hide  
I cannot believe it

You think I won't last a day without you  
Well let me ease your mind  
I'll live  
You think you can play with love as you choose  
But baby, I'm not the kind to take it

I won't say I don't love you  
I know you're not that blind  
You say you can see right through  
Oh baby, so can I

So stop telling me lies...

So stop telling me lies... Å—6  
Oh, stop, stop tell me lies  
I don't wanna hear your lies

1 2 3 4

Baby, don't you think it shows  
I'd say your number is up  
I can't act like I don't know

I've done enough for your love

So stop telling me lies...

So stop telling me lies... —6

I'll live

Oh don't tell me lies

No, I don't wanna hear your lies

1 2 3 4

So stop telling me lies...
