Angel eyes  
High above suspicion  
What you do  
Nobody questions why  
Set your watch  
A lover's intuition  
And you believe  
She'll run away with you

So wonderful for you  
That makes you happy  
How wonderful to see  
That you can get to dream  
So wonderful a dream  
The pressure on you  
To keep her in your heart  
As mine is dying

(Do something for your love if anybody wants you)  
For your love  
(Something for your love, anybody wants you, I do)  
Spread your wings  
(Something for your love, anybody wants you, I do)  
For your love  
(Something for your love, anybody wants you)

Body moves  
Changes her position  
Into view  
Let the people stare  
She don't care  
She got no competition  
She plays that game  
That only she can win

So wonderful for you  
That makes it easy  
Both fighting for your heart  
As mine is crying

(Do something for your love if anybody wants you)...

All of me  
With all of you  
You just got to do

(Do something for your love if anybody wants you)...
