Señorita, Señorita
su cuerpo es flor de canela
póngase un vestido blanco
y a darle fuego a la vela

Mamita, sooner or later
yes you'll get it
baile merengue
baile wherever you are

Just move your feet señorita
like the moon dance on the water
you've gotta help me negrita
holding your hips ay! Dolores,
Mamita, sooner or later
yes you'll get it
baile merengue
baile wherever you are

I am like the sun señorita
I wake the day
don't wait to love me negrita
to move again (move again again)
dobla la cintura como un soplo de luz
and check it out, mi mambo or blues
toca el horizonte de un mismo acordeón
tell me that you like it
and you want some more
all you've gotta do is get a phone and call me,
call me

Señorita, señorita
estrella sur que me guaña
arrépeme con su pelo
porque la noche está fría
Mamita, sooner or later
yes you'll get it
baile merengue
baile wherever you are
