I want you to stay, never go away from me
Stay forever
But now, now that you're gone
All I can do is pray for you
To be here beside me again

Why did you have to leave me
When you said that love will conquer all?
Why did you have to leave me
When you said that dreaming was as good as reality?

And now I must move on
Try to forget all the memories of you and me
But I can't let go of your love that has taught me
To hold on

I want you to stay, never go away from me
Stay forever
But now, now that you're gone
All I can do is pray for you
To be here beside me again

Why did you have to leave me
When you said that love will conquer all?
Why did you have to leave me
When you said that dreaming was as good as reality?
Ooooh
And now I must move on
Try to forget all the memories of you and me
But I can't let go of your love that has taught me
To hold on

Why did you have to leave me
When you said that love will conquer all?
Why did you have to leave me
When you said that dreaming was as good as reality?

Why did you have to leave me
When you said that love will conquer all?
Why did you have to leave me
When you said that dreaming was as good as reality?

I want you to stay, never go away from me
Stay forever
I want to stay, but I have to go away
Mmmm

Oooooh
Oooooh
Oooooh
