Every time I get up and I see you're by my side

I feel new again

And I feel annihilated

Annihilated if you're not there

You control all my truth and everything that is not necessary

Your eyes take me slowly up to the sun

And your mouth speaks of love and the heart

Your skin has the colour of a red evening

And it's because of you

Senin sayende kalbim at?yor

And it's because of you

Bugun senin sayende gozlerimin parl?yor

And it's because of you

Senin sayende yine asktan bahsediyorum

And it's because of you

Senin sayende ac?m diniyor

And every time I look for you

And I still can't find you

I feel like a tramp

Dunyada kaybolan bir serseri gibiyim

Disordered if you're not there

How you move my happiness

Mutlulugumu ve laz?m olmayan her seyi nas?l k?m?ldatt?n(=hareket ettirmeyi basard?n)
