One step away, oh, my, my, my
One step away, one step away
Every time I feel the pain
One step away, one step away

When I feel confusion in my mind
One step away, that's all He is
All He is, all He is
One step away, that's all He is

One step away, one step away
That's all He is, all He is
That's all He is, all He is

He's there, just stick your hand out
'Cause when you put your hand out
You're going to stick your hand
Into the kingdom, He's there

All He is, all He is
Is one step away, is one step away
That's all he is
All He is, all He is, one step away

One step away from your heartache
One step away from all your pain
One step away for healing in your body

One step away for healing in your mind
One step away for restoration
One step away for deliverance in your soul

One step away, one step away
That's all he is
