Verse 1

You'll never find her story in a fairytale
She wasn't like the other women at the well
Life was full of pain, hurt, rejection
Loneliness she didn't wanna show
Jesus saw the desert in her soul; and said

Chorus

Drink from this water
Drink from this water and you will never
You'll never thirst again
Drink from this water
Drink from this water and you will never
You'll never thirst again; again

Verse 2

We all search for something to fill us up inside
But it's only an illusion; you know that true love's hard
to find
I'm here to tell you there's a place that you can go
To quench the thirsty soul
Leave that disappointment; you'll find what you are
longing for

Chorus (Repeat)

Bridge

Just know that Jesus will meet you at your points of
every need
And know that he can make the wounded whole and
make the blind man see

Chorus (4x)
