I've had enough of being programmed  
And told what I ought to do  
Let's get one thing straight  
I'll choose my fate  
And it's got nothing to do with you

The years are flying by and it's time I got high  
Took a sample of the good things in life  
This is a chance  
I'm gonna take  
Gonna get out trouble and strife

I grow sick and tired of the same old lies  
Might look a little young  
So what's wrong  
You don't have to be old to be wise

No I don't care that the people stare  
Accuse me of going mad  
Just get a long hard look into the mirror  
Then, tell me now who's been had

The way things are going I won't get to show 'em  
Go single all the time's up to me  
So it's off with the ties  
No compromise  
Wanna taste what it's like to be free

I grow sick and tired of the same old lies  
Might look a little young  
So what's wrong  
You don't have to be old to be wise

I grow sick and tired of the same old lies  
Might look a little young  
So what's wrong  
You don't have to be old to be wise

I'm gonna gather my things  
Go through the door  
Every night I'll live on my own  
I'd like to be there

And I'm gonna be there  
I got a will of my own

I go as I please  
Fend for myself  
Pull all the stops, roll the dice  
Out on my own, gonna go it alone  
When I need it  
Then I'll ask for advice

You don't have to be old to be wise  
You don't have to be old to be wise  
You don't have to be old to be wise  
You don't have to be old to be wise  
You don't have to be old to be wise  
You don't have to be old to be wise  
You don't have to be old to be wise
