With the Two-Pronged Crown)

Now when the day goes to sleep and the full moon
looks,
And the night is so black that the darkness cooks,
And you come creeping around, making me do things I
don't want to do.

Can't believe that she needs my love so bad.
Come sneaking around, trying to drive me mad.
Busting in all my dreams, making me see things I don't
want to see.

SOLO (both)

'Cause you're the Green Manalishi with the two-
pronged crown
All night dragging us up, or you're bringing us down
Just taking my love, and slip away
Leaving me here, trying to keep from following you
