Here they come
These Gods of steel
Megatron
Devouring what's concealed

Speed of death
Cross fired they stare
Final breath
From vaporizing glares

Raised to man oppressed
Sign of persecution

Hellrider
Roars on through the night
Hellrider
Raised for the fight

All incensed
To overthrow
Strong defense
With armaments they grow

By this quest
Their fate's renowned
Put to rest
Abominations grow

Time to ram it down
Judgment for the tyrant

Hellrider
Roars on through the night
Hellrider
Raised for the fight

Fight undying and eternal
Wheels bring death and pain infernal
Honor bound your strength repleted
To no end they're undefeated

Hellrider, hellrider

You fought their battle for them
Hellrider, hellrider
You brought them through their despair

Hellrider, hellrider
Your tempered steel relinquished
Hellrider, hellrider
You slaught them all extinguished

Wrath of doom
In killing fields
They consume
Their valiants never yield

Triumph to the Gods
Vanquished of enslavers

Hellrider
Breaking their will
Hellrider
In for the kill

Hellrider, hellrider
You fought their battle for them
Hellrider, hellrider
You brought them through it all

Hellrider
