You get me up then we both get down
We roll all night making heavy sounds
I'm all tied up on your bed
I'd rather be inside your head

Don't do this do it like that, oh yeah
You've hit the spot give it all you got
I don't care

I'll teach you a lesson that you won't forget
Why don't you save your breath
'Cause I'm gonna love you to death

I'm coming to the point I can't hold back
But you ease off with your attack
You're the best I've had if you please
You never stop you great big tease

Don't do this do it like that, oh yeah
You've hit the spot give it all you got
I don't care

I'll teach you a lesson that you won't forget
Why don't you save your breath?
'Cause I'm gonna love you to death
Love you to death
Yes, I'm gonna love you to death
Love you to death

You can take me places I thought I'd never go
And when you turn your love on me
Oh baby, you're the star of the show

You can take me places I thought I'd never go
And when you turn your love on me
Oh baby, you're the star of the show

I'll teach you a lesson that you won't forget
Why don't you save your breath?
I'm gonna love you to death

Love you to death

Yes, I'm gonna love you to death
Oh, love you to death
Oh baby, gonna love you to death
Yes, I'm gonna love you to death
Oh, I'm gonna love you to death
Oh, I'm gonna love you to death

Hit me baby, hit me baby
Do it all now, do it all now
Yeah, do it, do it, do it
Oh oh oh yeah
