Been awake all night, can't get no sleep
I need a steel blue heart walkin' down the streets
With your razor nails and your painted smile
You're gonna get richer, I gotta get wild

Any time you want to
Any way you need
Get your love for money there
Satisfaction guaranteed

Woh oh, love zone
You know what I mean
Woh oh, love zone
Live that fantasy

I'm behind the wheel, throttle open wide
The gas tank's full, do you want to ride?
Driven in the fast lane late at night
I can't keep my eyes off your red tail light

You know where we're going
I know where we are
Set the rear view mirror for
The backseat of the car

Woh oh, love zone
You know what I mean
Woh oh, love zone
Live that fantasy

In your leather and chrome you're all the rage
All you want to do is get backstage
You heard all the stories, are they true?
The rock 'n' roll circus is calling you

When you get there baby
You'll be hypnotized
Never seen nothin' like it no
You won't believe your eyes

Woh oh, love zone
You know what I mean

Woh oh, love zone
Live that fantasy

Woh oh, love zone
You know what I mean
Woh oh, love zone
Live that fantasy

Everybody get in
Everybody get in that love zone
