No one can stop me know
I'm like a human dynamo
Live wired and chargin' out with power
This time I won't hold back
I'm rarin' to get up and go
Fuelled up and growin' by the hour

Look out
I'm blastin' through the lines
Alive and kickin'
Watch out
I'm young and lethal
I'm goin' from here until eternity

I'm feelin' reckless
Way outa hand, a real survivor
Reckless
Comin' at gale force ten

Around me I feel the shock waves,
Building for the energy
A force field no one can break through
Solid as rock no wonder
I am indestructible
First placed in everything I do

Look out
I'm blastin' through the lines
Alive and kickin'
Watch out
I'm young and lethal
I'm goin' from here until eternity

I'm feelin' reckless
Way outa hand, a real survivor
Reckless
Comin' at gale force ten

Radioactive
I'm shootin' through the atmosphere
Takin' off

I'm headin' like a rocket through the stratosphere.

Look out
I'm blastin' through the lines
Alive and kickin'
Watch out
I'm young and lethal
I'm goin' from here until eternity

I'm feelin' reckless
Way outa hand, a real survivor
Reckless
Comin' at gale force ten
I'm feelin' reckless
Way outa hand, a real survivor
Reckless
Comin' at gale force
Comin' at gale force ten
I'm feelin' reckless
Way outa hand, a real survivor
Reckless
Comin' at gale force
Comin' at gale force ten
