No one can stop me now  
I'm like a human dynamo  
Live wired and chargin' out with power  
This time I won't hold back  
I'm rarin' to get up and go  
Fuelled up and growin' by the hour

Look out!  
I'm blastin' through the lines  
Alive and kickin'  
Watch out!  
I'm young and lethal  
I'm goin' from here until eternity  
I'm feelin'  
Reckless!  
Way outta hand, a real survivor  
Reckless!  
Comin' at gale force ten

Around me I feel the shock waves  
Building for the energy  
A force field no one can break through  
Solid as rock no wonder  
I am indestructible  
First placed in everything I do

Look out!  
I'm blastin' through the lines  
Alive and kickin'  
Watch out!  
I'm young and lethal  
I'm goin' from here until eternity  
I'm feelin'  
Reckless!  
Way outta hand, a real survivor  
Reckless!  
Comin' at gale force ten

Radioactive field, I'm shootin' through the atmosphere  
Takin' off I'm headin' like a rocket through the  
stratosphere

Look out!  
I'm blastin' through the lines  
Alive and kickin'  
Watch out!  
I'm young and lethal  
I'm goin' from here until eternity

I'm feelin'  
Reckless!  
Way outta hand, a real survivor  
Reckless!  
Comin' at gale force ten  
I'm feelin'  
Reckless!  
Way outta hand, a real survivor  
Reckless!  
I'm comin' at gale force  
Comin' at gale force ten

I'm feelin'  
Reckless!  
Way outta hand, a real survivor  
Reckless!  
I'm comin' at gale force  
Comin' at gale force ten
