When the day is over
I like to ease my mind
By jucin' up my system
With this beat of a heavy kind

I smack a bottle open
I crank the hi-fi high
I'm in a seventh heaven
Ooo, I can touch the sky

I'm in love, so in love
And I can't stop talking 'bout my rock forever

It starts to movin' to me
Just that I can't explain
It's like a brilliant sunshine
After standing in the pouring rain

My skin begins to tingle
Ooo, right on down my back
It's really got me fevered
Pounding my senses flat

I'm in love, so in love
And I can't stop talking 'bout the rock forever

Rock, rock, rock forever
I love my
Rock, rock, rock forever
My fever
Rock, rock, rock forever
Always gonna
Rock, rock, rock forever
I can't stop talkin' about rock
Now give 'em back, boys

So when you get those blue days
Here's just what to do
Switch into this lifeline
And feel it rushing through

Before you know it, blue days

Are better left behind
By juicin' up your system
With this beat of a heavy kind

I'm in love, so in love
And I can't stop talking 'bout the
Rock forever, rock forever
I'm gonna rock forever
