Who gives you the right to come here and tell me
I have to leave this place my home
To you it's a jungle, to me it's a kingdom
Where (my) people are free there to roam
Born with the stars we are happy and peaceful
'til now we were left undisturbed
But you rupture the forests our gardens
And fill them with filth from your cities unheard

Savage, who is savage
Leave your morals, stake your claim
Savage, you are savage
Modern man can take the blame

You poisoned my tribe with civilized progress
Baptizing our blood with disease
You christened our bodies with sadness and suffering
Saying then that your God is well-pleased
What have we done to deserve such injustice
Explain to us please if you can
But you can't, no you can't, we can see it in your eyes
Of us both who's the primitive man

Savage, who is savage
Leave your morals, stake your claim
Savage, you are savage
Modern man can take the blame

You poisoned my tribe with civilized progress
Baptizing our blood with disease
You christened our bodies with sadness and suffering
Saying then that your God is well-pleased
What have we done to deserve such injustice
Explain to us please if you can
But you can't, no you can't, we can see it in your eyes
Of us both who's the primitive man

Savage, savage
Savage, savage
Who's the savage
Modern man
Who's the savage

Modern man
Beyond the realms of death

He had enough
He couldn't take anymore
He'd found a place
In his mind and slammed the door
No matter how they tried
They couldn't understand
They washed and dressed him
Fed him by hand

Yeah! I've left the world behind
I'm safe here in my mind
Free to speak with my own kind
This is my life, this is my life
I'll decide not you

Withdrawn he'd sit there
Stare blank into space
No sign of life
Would flicker on his face
Until one day he smiled
It seemed as though with pride
The wind kissed him
Goodbye - and then he died

Yeah! I've left the world behind
I'm safe here in my mind
Free to speak with my own kind
This is my life, this is my life
I'll decide not you

Keep the world with all it's sin
It's not fit for livin' in
Yeah! I will start again
It can take forever, and ever, and ever
And ever, but I'll still win.

How many like him,
Are there still
But to us, all
Seem to have lost the will
They lie in thousands
Plagued and lost
Is nothing worth this bitter cost

Yeah! I've left the world behind
I'm safe here in my mind
Free to speak with my own kind
This is my life, this is my life

I'll decide not you

Keep the world with all it's sin
It's not fit for livin' in

Beoynd the realms of death.
