

Judas Priest "Troubleshooter"

Visit "[Troubleshooter](#)" on MotoLyrics.com

You've got it, I want it
My little troubleshooter
I need it, you feed it
My hunger drives me to ya

You bring me round with your velvet hands
You're gettin' new life to me
You put me back to promised land
Just where you know I should be

You can take me
You can shake me
You can break me down

You're givin' I'm gettin'
I'm gettin' satisfaction
You're makin' I'm takin'
I want some heavy action

You're bendin' and I'm mendin'
Gettin' back together
You really got what it takes
To make a bad man better

You can take me
You can shake me
You can break me down
