Horsemen raised
From the light
Omens filled with dread
Descreation I beheld
A world of men gone mad
The final age
Comes to pass
Apocalypse is here
At last
A call to arms
The end to all
Peace on earth no more

We come in all
The glory now
No prayers suffice
Such evil foe
Black wings
The storm is gathering
And time will say
We know
The power of heresy
Is on it's way

Gods of war
Heed their warning
Gods of war
They are coming now

No man can quell
The suffering
The hell
And all the grief
It brings
Our life is almost over
No there's nothing more
We feel the pain
Is everywhere
It comes and roars

Gods of war
Judge and jury

Gods of war
Pain and fury now

We must hold this threat
From such panic yet
There will come a time
When we'll be saved
Our resilient heart
To confound defeat
Yeah

Out of purgatory
Unto victory
We shall overcome
The war they staged
Through unyielding power
In the darkest hour
They will retreat

Gods of war
Devastation
Gods of war
End creation now
