Hold life, I'm gonna live it up  
I'm taking flight, I said I'll never give it up  
Stand tall, I'm a-young and kinda proud  
I'm on the top as long as the music's loud

If you think I'll sit around as the world goes by  
You're thinking like a fool, cause it's a case of do or die  
Out there is a fortune waiting to be had  
If you think I'll let it go, you're mad  
You've got another thing coming

You've got another thing coming

That's right, here's where the talking ends  
Listen mister next there'll be some action spent  
Drive hard, calling all the shots  
I've got an ace car coming down the road

If you think I'll sit around while they chip away my brain  
Listen, I ain't fooling, and you'd better think again  
Out there is a fortune waiting to be had  
You think I'll let it go, you're mad  
You've got another thing coming

You've got another thing coming  
You've got another thing coming

In this world we're living here  
We have our share of sorrows  
The answer now is don't give in  
To any foreign use of power

Oh so hot, no time to take a rest, Yeah  
There just ain't room for second best  
Real strong, got me some security  
I have a big smash, I'm going for infinity, Yeah

If you think I'll sit around as the world goes by  
You're thinking like a fool, cause it's a case of do or die  
Out there is a fortune waiting to be had  
You think I'll let it go, you're mad

You've got another thing coming

You've got another thing coming
