It's finally over  
But I can't even cry  
So, don't you give me no sweet talk  
You done told your last lie

I was your puppet  
Just a dancin', dancin' on a string  
But when the sun went down last night,  
Lord, it changed everything

Today I feel different  
'Cause now I can see  
That you care more 'bout yourself  
Than mistreatin' me

It took me a long time  
To figure you out  
But misery and pain  
Ain't what loves all about

[Chorus]

I was your woman  
But ya threw it away  
I used to be your very own  
Custom made, love slave, do anything for you, little  
fool  
But that was yesterday  
That was yesterday

And so it goes  
Another lesson gets learned  
And in the big book of experience  
Another page gets turned

Now you say you need me  
Well, honey, you got some nerve  
I hope some sweet tomorrow  
We'll get what we deserve

[Repeat Chorus]

I'm packing up and movin' on  
Your real good thing is good and gone
