(Carole Bayer Sager / Bruce Roberts)

Keep your aces up your sleeve  
When the temperature's rising  
And the air's getting harder to breathe

And remember when to leave  
Without leaving traces  
Only a child leaves his footprints all around  
Not caring if he's found out loud  
And only a fool or a child shows his hand  
Oh how I wish I was one of them again  
One of them

Take your lovers as they come  
Don't get too involved  
Attachments are problems that can't be solved  
And remember its a show  
A ring with no net  
And don't you forget no one will catch you when you  
fall  
They've all got to cope with their own  
Only a fool or a child bears his soul  
Oh haw I thank them for giving me some hope  
For giving me some

Keep your aces up your sleeve  
And don't you forget no one will catch you when you  
fall  
They've all got to cope with their own  
And only a fool  
Could see how much I love you  
Good thing no one listens to him  
Only a child or a fool shows his hand  
Oh how I wish I was one of them  
Either one of them again
