Maybe I'm wrong  
Maybe I'm right  
Maybe I just don't know  
Will I ever fall in love  
And never have to worry  
That I'm fallin' all alone  
Maybe It's true  
I was just born to be blue  
Maybe It's true  
I was just born to be blue  
They say everybody's got someone  
A sweet somebody to love  
It might be fate or destiny  
Baby written in the stars above  
But I can't help but wonder  
After all that I've been through  
Maybe my baby's no where to be found  
And I was just born to be blue  
Was I born to be unhappy  
Just to live on heartache street  
Was I born to go to bed each night  
And cry myself to sleep  
Can somebody out there help me  
Give me some kind of clue  
Tell me I'm wrong  
Tell me I'm right  
But don't tell me I was born to be blue  
They say nobody dies from a heartache  
You can't drown in your own tears  
Who wants to live in this world alone  
Where minutes turn into years  
So I'd rather go down than leavin'  
Suffer a heartache or two  
Tell me I'm wrong  
Tell me I'm right  
But don't tell me I was born to be blue  
Was I born to be blue  
Born just to cry  
Born to be alone 'til the day I die  
Somebody tell me  
Was I born to be loved  
Born to be kissed

Born to find the one  
To show me what I missed  
Was I born to be blue  
Born just to cry  
Born to be alone 'til the day I die  
Tell me mama  
Was I born to be loved  
Born to be kissed  
Born to find the one  
To show me what I missed
