Can you tell me I want to believe
That you want to be with me forever?
I need to know that you won't ever leave
And you won't run away from me never

I've been waiting for a long time
For the one who would be mine
I think it's time

Everything's all right
The way that you believe in me
It takes me through the night
I fall beside you softly singing

That I've been waiting for a long time
For the one who would be mine
I think it's time

In the morning I see what you mean
'Cause I don't want make it without you
You've got me dreaming and after you leave
When you're gone I'm still thinking about you

I've been waiting for a long time
For the one who would be mine
I think it's time, I think

Everything's all right
The way that you believe in me
It takes me through the night
I fall beside you softly singing

Na, na, na, na, na
Tomorrow is another morning
If you say will be mine
I think it's time

Everything's all right
Every morning when I wake up
I fall into your eyes
(I wanna go)
I believe we're gonna make it

If you're alone tonight believe me
I've been waiting for you
Everything's all right
