This conversation is a trance
The years fly by at a glance
The blame game is the clue
That everyone I've ever loved is you

And you've done nothing wrong
And this is more than a breakup song

It's simple as honesty
Honest as the hole in me
Eyes that see for someone else
May never have to see themselves

And you've done nothing wrong
And this is more than a breakup song
Now you've done nothing wrong

How could I tell you
The weight that's been lifted
I've opened my heart
And your mind goes drifting on

The chemistry and gravity
Are spinning in apologies
Now this is what I've turned into
For everyone I've ever loved is you

And you've done nothing wrong
And this is more (this is more)
This is more than a breakup song
