What happened to Joey the strong believer  
He was a real straight shooter, but he got the fever  
Now he's cruisin' the downtown queen of the city  
With a feel for the street and he's dressing pretty  
'Cause when she left him behind, something inside  
said no more  
There's a price to pay when you play with the little town  
flirt  
And ooh, baby that's the hurt  
What happened to Sally, she's so nervous  
Does she need a love or a mental service  
All the boys just leave her poor heart achin'  
But she can't look back now, Joey's taken  
So the time rolls by, 'til something inside says no more  
There's a price to pay when you can't keep away from  
the dirt  
And ooh, baby that's the hurt  
Someone's always telling lies  
Someone's always got something to hide, now don't  
they  
Someone's running and someone's reaching  
Just look at what history's teaching you  
So you tell your lies, 'til something says no more  
There's a price to pay when you can't keep from  
messing with the curse  
And ooh, baby that's the hurt
