It's big and heavy but me carry the banana
All the way to the sister's home
She like to bite it but she like a piranha
I want some left when I have to go home

(chorus)

Day-o, day-o
Morning come and me have to go home
Day-o, day-o
This woman, she just won't leave me alone

1 inch, 2 inch, 3 inch, 4
She like banana and me give her more
5 inch, 6 inch, 7 inch, 8!
I want to rest but she just won't wait

(repeat chorus)

She cry for more banana but the banana gone
She wake it up and she jump right on
I give her more banana 'till she shout and scream
What good banana if you have no cream!

(repeat chorus)

The morning come and me take home the banana
The Mrs. says "Did you work all night?"
I say "yes" but she know I managed lying
She see the mark where the sister bite!

(chorus)

Day-o, day-o
The woman see it now she won't let me home
Day-o, day-o
This naughty woman she won't leave me alone
