Funny how I feel  
More myself with you  
Than anybody else that I ever knew  
I hear it in your voice, see it in your face  
You've become the memory I can't erase

You could've been anyone at all  
A stranger calling out of the blue  
I'm so glad it was you

It wasn't in the plan  
Not that I could see  
Suddenly a miracle came to me  
Safe within your arms  
I can say what's true  
Nothing in the world I would keep from you

You could've been anyone at all

An old friend falling out of the blue  
I'm so glad it was you

Words can hurt you  
If you let them  
People say them and forget them  
Words can promise  
Words can lie  
But your words make me feel like I can fly

You could've been anyone at all  
A net that catches me when I fall  
I'm so glad it was you  
You could've been anyone at all  
An old friend calling out of the blue  
I'm so glad it was you
