Funny how I feel more myself with you
Than anybody else that I ever knew
I hear in your voice, see it in your face
You've become the memory I can't erase

Ref.:
You could have been anyone at all
A stranger falling out the blue
I'm so glad it was you

It wasn't in the plan not that I could see
Suddenly a miracle came to me
Safe within your arms I can say what's true
Nothing in the world I would keep from you

Ref.:
You could have been anyone at all
An old friend falling out of the blue
I'm so glad it was you

Words can hurt you if you let them
People say them and forget them
Words can promise
Words can lie
But your words make me feel like I can fly

Ref.:
You could have been anyone at all
And that that catches me when I fall
I'm so glad it was you

Ref.:
You could have been anyone at all
An old friend falling out of the blue
I'm so glad it was you

Anyone at all
You could have been anyone at all I'm so glad it was
you
