Everyday will be like a holiday  
When my baby  
When my baby comes home

Now hes been gone for such a long time  
Ever since hes been gone hes been on my mind  
I got a letter today  
Just about noon  
He said don't worry baby I' will be home soon

And Everyday will be like a holiday  
When my baby  
When my baby comes home

Ill never have to worry about sitting by the phone  
When he gets here you know I will never be alone  
Said he get here sometime today  
I know when he gets here he will never go away

And Everyday will be like a holiday  
When my baby  
When my baby comes home

Everyday will be like a holiday  
When my baby  
When my baby comes home  
When my baby comes home  
Everyday  
Everyday  
Everyday will be be like a holiday  
When my baby comes home
