There was trouble in my mind tonight  
Somethin' inside didn't feel quite right  
Then I saw your face in the moonlight  
And I was right beside you

Don't need words that we use to use  
It goes deeper than the words we choose  
You can't lose, I wanna spread the news  
You got love inside you

Some days it's hard to know what you're feelin'  
I've been down that road before

I can't stop believing  
Love makes the world go round  
As long as you're a part in me  
Nothin's gonna take me down, oh, yeah

Last winter when the snowfall hit  
Cold city it was hard to commit  
You were out there lookin' for the perfect fit  
And I was right beside you

Nothin' real comes overnight  
You weren't sure if it felt right  
But sometimes a love can move your life  
If you let it guide you

Baby, you got to take love where you can find it  
Just walk right through that door

I can't stop believing  
Love makes the world go round  
As long as I'm a part of you  
Nothin's gonna take you down

Love makes the world  
Can't stop believing  
Love makes the world  
Can't stop believing

Love makes the world

Can't stop believing  
Love makes the world go round

Love makes the world  
Can't stop believing  
Love makes the world  
Can't stop believing

Love makes the world  
Can't stop believing  
Love makes the world go round and round

Gonna make it happen together  
We are strong now, watch us fly

I can't stop believing  
Love makes the world go round  
As long as you're a part of me  
Nothin's gonna take me down

Love makes the world  
Can't stop believing  
Love makes the world  
Can't stop believing

Love makes the world  
Can't stop believing  
Love makes the world go round

Love makes the world  
Can't stop believing  
Love makes the world  
Can't stop believing

Love makes the world  
Can't stop believing  
Love makes the world go round and round
