I am me--who are you  
I'm on my way to somewhere through tomorrow  
If that's where you're going, too  
Would you care to walk with me today  
Living for the moment--feelin' what I feel  
Nowhere in particular to go  
And nothing to conceal

Walk with me--I'll be your companion  
I may not have an awful lot to say  
You can be anything you want to  
And anytime you want to walk away--it's okay

Chances come--fortunes go  
And I don't know what lies beyond the crossroad  
Since I'm tryin' to travel light  
I got no past or future on my mind  
Through all my reflections--one thing is plain to see  
Knowin' I am not alone  
Means more than anything to me
