WHAT HAVE YOU GOT TO LOSE

By Carole King & Toni Stern

Yes, I know you've loved and lost
And you've been figurin' up the cost
Of your last, your saddest goodbye

I'm gonna stay right here with you
So if you're looking for somethin' new
All you have to do is choose
What Have you got to lose

Yes it shows you need a change
And you've been feelin' very strange 'bout the
things that made you feel so good before

And I've been feelin' blue
'Cause I'm so much in love with you
And all you'd have to do is try something new
What have you got to lose

Na dwhen you're ready, let me know
Come to me, come, let your rivver flow
When you're ready, aw give me a sign
It's time you stepped back out in the sunshine

Wouldn't you like to wake up and find
me every morning on your mind
Oh, come on, don't be shy
Come on, you don't have to hide

Coem on and get me
What have you got to lose
Come on and get me
What have you got to lose
