After the long period, we have some opportunity and  
now we share the time  
But I withdraw into my shell beside you  
We don't share the pleasure that much  
Is it the right thing?  
Anytime my personal things only  
Always me first I often feel myself a man of poor  
caliber  
So many things to care  
So many people to care

The situation is changed rapidly  
What can I do?  
What can I do for it now?

When you feel I'll at ease with too much virtual image  
Confirm the realities in the movement  
Watch it again after you turn your eyes away  
Make sure to take an action again after you stop  
I can be what I am if I never forget those things  
Revive yourself again  
Restore your life again

The situation is changed rapidly  
What can I do?  
What can I do for it (I never give it up) now?

But I have taken the wrong way and gone somewhere  
else.

Rolling with self-confidence. Why can't I do it?  
If I wave with my self-confidence. It will reach  
somewhere for sure.  
Sometimes I am depressed with confusion and  
disorder.  
And I feel so dumb. But I still have the courage to slash  
them.  
I never give it up. It is not the end. More power...

More courage to me. More power to me.

More power to me. More courage to me.

More power to me. More courage to me.  
More power to me. More courage to me.  
More power to me. More courage to me.  
More power to me. More courage to me.  
More power to me. More courage to me.  
More power
