Waking up is like a fairy tale  
That's what both of us can feel  
Yesterday was like a fantasy  
And today we know its real  
Passing my eyes we go  
I want you to know  
Living out the dreams is was will make us  
Much closer every day  
In a love song  
Higher than the sky  
And I give to you  
The joy like every night  
In a love song  
As it gently flows,  
I see you there for ever more  
I am falling for you

If I loose my way some lonely night  
there is so little time to call  
You'll be there to help me find my way  
And in your arms I will fall  
Trusting will win all day  
And like every day  
There will ever be someone to break up  
What my heart can't hide

In a love song  
Higher than the sky  
And I give to you  
The joy like every night  
In a love song  
As it gently flows,  
I see you there for ever more

Don't you ever worry  
We will make it side by side  
We take on the rest  
There's nothing we cannot try  
In your darkest moment  
Destiny will see us too  
It's greater than the sunset

It's like a light I got from you

In a love song  
Higher than the sky  
And I give to you  
The joy like every night  
In a love song  
As it gently flows,  
I see you there for ever more  
I am falling for you  
I am falling for you  
I am falling for you
