I never knew just what a smile was worth
but your eyes
say everything without a single word

Cause it's something in the way
you look at me
Its as if my heart knows
you're the missing piece
you make me believe that there is nothing
in this world I can't be
never know what you see
but there is something in the way
you look at me

I could freeze the moment in my mind
with the second that you touch your lips to mine
I like to stop the clock make time stand still
cause baby this is just the way
I always wanna feel

Cause it's something in the way
you look at me
Its as if my heart knows
you're the missing piece
you make me believe that there is nothing
in this world I can't be
never know what you see
but there is something in the way
you look at me

I don't know
how or why
I feel different in your eyes
all I know
if it happens everytime

Cause it's something in the way
you look at me
Its as if my heart knows
you're the missing piece
you make me believe that there is nothing

in this world I can't be
never know what you see
but there is something in the way
you look at me

you look at me (2x)
