Every day I see you
Strange how much I need you
I don't even know you're name
One day we came so close
Shadows danced I almost
Preached out but your friend gone in the way
I wonder If you need me too

Can't you read my mind
See inside my heart
That's a part of me that
Wants to touch you
I don't know where
Only heaven knows where
Our souls will meet and I will get to
Touch you (touch you)
Touch you (touch you)

Like a fence around you
I see but I can't get through
I'm still searching for the key
I would wait forever
Time no long and ever
Once you found eternity
Are you waiting for me too

Can't you read my mind
See inside my heart
That's a part of me that
wants to touch you
I don't know where
Only heaven knows where
Our souls will meet and I will get to
Touch you (touch you)
Touch you (touch you)

Touch you
Touch you

Are you waiting for my love?

Can't you read my mind
See inside my heart
That's a part of me that
Wants to touch you
I don't know where
Only heaven knows where
Our souls will meet and I will get too
Touch you (touch you)
Touch you (touch you)
