Do you know this place
Do you know this face
Do you see the space I live in now?
Well, I've done my best
But I've failed the test
'Cause I see the pain upon your brow.

And
We're just creatures
Creatures of habit now
We're all creatures
Creatures of habit, we are...

Did I say it wrong?
Did I come on too strong?
Did I pull the rug from beneath you now?
It's a lame excuse
But please don't confuse me
With a girl who does not exist now.

And we're just creatures
Creatures of habit now
We're all creatures
Creatures of habit now.

La, la, la, la, la

We take, we pay
We leave, we stay
We lick our wounds and start again
We live on hope
We learn to cope
'Til the ones we've hurt come home again
(So please come home).

And if I turn you wild
If I turn you to a child
With words so harsh, they break your will
If I turn you back to the darkest days
Please remember...
That angry heart is still.

Creatures
Creatures of habit now
We're all creatures
Creatures of habit
Habit now.

La, la, la, la, la

Creatures
Creatures of habit now.
