In the morning  
When I wake, dear  
Your memory comforts me.

In the darkness when I am frightened  
I can see in my dreams  
Though I'm far, dear  
Though we're parted  
I know that time can change nothing  
So if you feel afraid  
And if your hope is gone  
Just remember all these things I promise you.

I will move Heaven  
I will move Hell and death to be where you are  
I will move Heaven  
And it may take one life  
It may take forever  
But I promise you.

As I sail through  
Stormy seas, dear  
You come to steal my heart  
As I walk through  
Path of danger  
You lead me through the dark.  
Though I'm far, dear  
Though we're parted  
I know that time can change nothing  
So if you feel alone  
And if your face is gone  
Just remember all these thing I promised you.

I will move Heaven  
I will move Hell and death to be where you are  
I will move Heaven  
I will move Hell and death to be where you are  
I will move Heaven  
And it may take this life  
It may take forever.

I promise you

I promise you.
