crackers, cheese, and wine, the full revolution
propeller screams
sliding undoes my zipper, and I see only ash in the sky
I have to really try this time, the falling night is coming
an imitaion diamond of lies is the love I want
I'll save my lover who was abducted to the demon's
castle
hold me while I try to touch the twinkling stars

a golden traveler is waiting
I'll hurry into the adventure

when the sun opens its eyes we'll go by the ship
drawing close and swimming in the melted snow like a
whale
to the edge of that sky that no one knows
a dazzling door of glass

I want to kick like a dolphin until I'm numb

I don't know when, but I hurt somebody and then came
here
and tried not to show my tears in the dancing spray of
water
start walking things of the future, please don't get in
my way

in the center of the heavens very much like small
pebbles
waiting for me because I'm tired of walking
let's hurry into the adventure

when the sun opens its eyes we'll hurry to the ship
drawing close and swimming in the melted snow like a
whale
to the edge of that sky that no one knows
it will be too bright to see
when the sun opens its eyes we'll hurry to the ship

I want to kick like a dolphin until I'm numb
