I'm standing outside your window  
I've been here all night long  
June feels like December  
'Cuz I'm out here all alone  
If you come down to the back door  
I'll climb down from this tree  
Baby you can grab your steps  
And take a walk with me

Now that you've got me speechless  
So much I wanna say  
I can kiss my cool goodbye  
Every time you look at me that way  
I'd get down on my knees to make you understand  
That you're the girl who holds the heart  
Inside this man

Whoa ho! - whoa ho ho! - ooh ooh ooh  
Now if you feel the way I do  
Just say yeah yeah yeah  
Whoa ho! - whoa ho ho oh! - ooh ooh ooh  
Baby if you love me, won't you say you love me  
Say yeah yeah yeah

If I could offer you heaven  
Girl you know I would  
I'd be your guardian angel  
Baby if I could  
But if I have to wait a lifetime  
Girl I will do anything to show you  
That I love you still

Whoa ho! - whoa ho ho! - ooh ooh ooh  
Now if you feel the way I do  
Just say yeah yeah yeah  
Whoa ho! - whoa ho ho oh! - ooh ooh ooh  
Baby if you love me, won't you say you love me  
Say yeah yeah yeah

Shout it out loud  
Tell your mama  
Tell your daddy

Everybody hear me  
Everybody here sing  
Shout it out loud  
Shout it out loud  
Shout it out loud  
Tell the world
