Verse 1:

There's a voice inside my head
And it cracks the way yours did

When we fought it out like kids
It could wake the dead

Now I miss the way you scream
I reach for you should be

In a bed that's not my own
Some town you've never seen

No matter how long
I'd lie and did you wrong

I've done my time, oh
God knows that I've learned and I need you

Chorus:

Salvation lies within you
You know it's true

Until I die I will love you
You know it's true

Verse 2:

When you sleep you grind your teeth
And it made me so crazy

I couldn't sleep awake those nights
The thought makes me smile

I started washing my own clothes
And I'm cleaner I suppose

I've learned to cook for myself
But I always eat alone

No matter how long
I lied and I did you wrong

I've done my time, oh
God knows that I've learned and I need you

Chorus:

Salvation lies within you
You know it's true

Until I die I will love you
Yeah, you know it's true

Bridge:

You know it's true

Salvation lies within you

Chorus:

Salvation lies within you
You know it's true

Until I die I will love you
You know it's true

Salvation lies within you
You know it's true

Until I die I will love you
You know it's true
