I loved you in the morning, our kisses deep and warm  
Your hair upon the pillow like a sleepy golden storm  
Many loved before us, I know that we are not new  
In city and in forest they smiled like me and you

Now it's come to distances and both of us must try  
Your eyes are soft with sorrow  
Hey, that's no way to say goodbye

I'm not looking for another as I wander in my time  
Walk me to the corner, our steps will always rhyme  
You know my love goes with you as your love stays with  
me  
It's just the way it changes like the shoreline and the  
sea

But let's not talk of love or chains and things we can't  
untie  
Your eyes are soft with sorrow  
Hey, that's no way to say goodbye

I loved you in the morning, our kisses deep and warm  
Your hair upon the pillow like a sleepy golden storm  
Many loved before us, I know that we are not new  
In city and in forest they smiled like me and you

Now it's come to distances and both of us must try  
Your eyes are soft with sorrow  
Hey, that's no way to say goodbye
