Love, love, hooray for love
Who was ever too blase for love
Make this a night for love
If we have to fight, let's fight for love

Some sigh and cry for love
But in Pa-ree they die for love
Some waste away for love
Just the same - hooray for-

After you've gone and left me cryin'
After you've gone there's no denyin'
You're gonna feel blue, and you're gonna feel sad,
you're gonna feel bad
You'll miss the bestest pal you've ever had

I'll just go my way by myself
Here's where the comedy ends
I'll try to deny myself love and laughter and friends
I'll face the unknown
I'll build a world of my own
No one knows better than I myself, I'm by myself

'S wonderful, and 'S marvelous
That you could care for me
'S awful nice, 'S paradise
'S what I luke to see

I like New York in June, how about you?
I like a Gershwin tune, how about you?
I like a fireside when a storm is due.
I like potato chips, moonlight and motor trips,
How about you?

The sky was blue
And high above
The moon was new
And so was love
This eager heart of mine was singing
Lover where can you be
I remember boy every little thing

You used to do
Every road I walk along
I walk along with you

You and the night and the music thrill me but will we be
too,
After the night and the music die, will I have you?

I can be happy, I can be sad
I can be good, or bad
It all depends on you
I can be humble, I can be proud
I can be lonely out in a crowd
It all depends on you

Well, I can save money, or spend it
Go right on living, or end it
You're to blame, judy, for what I do
I know that I can be better, I can be king
I can be almost any old thing
It all depends if we're singing together
Cause We have found when we're singing together
The state of the weather turns from gray to blue
Everybody, and it all, it all,
it all depends on you
