"Swing Your Partner Round and Round"

When you go to a dance, do you know what to do?
Swing your partner, swing your partner, swing your
partner to you
Throw your partner way out, give your partner a spin
Swing your partner, swing your partner, swing your
partner back in
Are you ready now? Now, steady now, are you ready
now? Begin

Round and round and round we go
If you waltz her once around the hall
Then you'll see that she's the belle of the ball
Round and round and round once more
Oh, the music has such a wonderful sound
Around, around, around

Round and round and round we go
If you waltz her once around the hall
Then you'll see that she's the belle of the ball
Round and round and round once more
Oh, the music has such a wonderful sound

Round and round
And around and around
And around and around
And around and around
