You, you are the one I've been thinking of
You are the one in my life
And I, I want to show you happiness
So baby, hold my hand and say you're mine

And now, now is the time to take advantage
'Cause our feelings are the same as each day passes
by
Oh please, please take a try to understand
That what we want is more than friends
So let's not put this to the side

Love you, will you love me? 'Cause I love you all the
time
I need you, will you need me?
Please just show me that you're mine
I want you to be with me if your love for me is true
Oh, baby, can't you see I'd like to give this world to
you?

I, I'd love to please all your needs
As long as you enjoy it all the time
So please, don't ever tell me that you'd leave me
I've always considered you forever mine

This is why, the reason why I say I love you
I will always be by your side until the day that I die
And now, if I'm more than ever sure
I will never doubt my heart
'Cause you're the one that I adore

Love you, will you love me? 'Cause I love you all the
time
I need you, will you need me?
Please just show me that you're mine
I want you to be with me if your love for me is true
Oh, baby, can't you see I'd like to give this world to
you?

And now, now is the time to take advantage
'Cause our feelings are the same as each day passes
by

Oh, please, please take a try to understand
That what we want is more than friends
So let's not put this to the side

Love you, will you love me? 'Cause I love you all the
time
I need you, will you need me?
Please just show me that you're mine
I want you to be with me if your love for me is true
Oh, baby, can't you see I'd like to give this world to
you?

Love you, will you love me? 'Cause I love you all the
time
I need you, will you need me?
Please just show me that you're mine
I want you to be with me if your love for me is true
Oh, baby, can't you see I'd like to give this world to
you?

Baby, I love you
Baby, you know that I needed you
'Cause I want you, got to have you
Don't mess around, so don't put me down
I got to have you, I want to give this world to you
