Love receive this Romeo
Novice see, novice do
Novice shake and need someone
And hope some sweet survive

Radiance reveal itself
Have someone say him beautiful
Beautiful beyond the eye
Beyond this flesh non truth

All day afternoon love, ya's
All day afternoon let sun shine down
All day afternoon taking things as the come
And then so gently watching them go

Gently traipsing on the wire
Falling soon, falling soon
Falling preclude being one
With every non-new thing

Lifting up and letting blow
Swirling down, swirling go
Swirling into open arms
Embrace him young sung youth

All day afternoon love, ya's
All day afternoon let sun shine down
All day afternoon taking things as the come
And then so gently watching them go

Waiting for the coronation of gods
Paper thin the poetry come rapture my heart
Gear me in the griding moon and turn me to dust
Let me levitate and learn the loins of love's lust

Love receive this Romeo
Novice see, novice go
Novice shake and need someone
To rip him through this ride

Radiance reveal itself
Have someone say him beautiful

Beautiful beyond the lie
That flesh will tell the truth

All day afternoon love, ya's
All day afternoon let sun shine down
All day afternoon taking things as the come
And then so gently watching them go
