

Judybats "Counting Sheep"

Visit "[Counting Sheep](#)" on MotoLyrics.com

The sky never looked so blue
Blue never seemed so deep
The water never slept so wide
Wider awake than sleep
Love's all counting sheep
Waiting on the moon to bring you
Something you can't keep
Love's all counting sheep
Just as sure as this lover's face
Floats before me this morning
Love's all counting sheep
Lying in the folds in your bed
You hear your heart bleat-bleat
Love's all counting sheep
Just as sure as this lover's face
Floats before me this morning
CHORUS
I would really like you to be
On my side
But the side you show me isn't

What I had in mind
Love's all counting sheep
Waiting on the moon to bring you
Something you can't keep
Love's all counting sheep
Just as sure as this lover's face
Floats before me this morning
CHORUS
The sky never looked so blue
Blue never seemed so deep
The water never slept so wide
Wider awake than sleep
Love is love is
Love's all counting sheep
Love is love is
Love's all counting sheep
