'cause i got so much luv for ya'll (o shit)  
I had to take the time out to do it like this

(Chorus)  
If you feelin over weight girl  
(drop a couple pounds, drop a couple pounds, Drop a couple pounds)  
If your stomach bigger than your ass bitch  
(drop a couple pounds, drop a couple pounds, drop a couple pounds)  
If you ate too many snacks girl  
(drop a couple pounds, drop a couple pounds, drop a couple pounds)  
Now if you can't see your shoes and you don't know what to do  
Better hit the gym girl stop eatin all the food

(Juelz Santana)  
This for my fat chicks who don't like things  
They like Hagen daaz, You know ice cream  
You got big drawers  
You eat banana boats  
That aint a diet girl, here, try some cantalope  
Dammit!  
Your belly and your hips big

Babygirl look like she had 10 kizzzids  
So Start excersizing for more than 10 minutes  
You gon need a couple hours that's just the beginning  
So don't try to cheat girl  
Don't try to eat  
Know that food is callin you but u don't gotta speak  
And stop walking out lookin nasty chick  
Tryin to ask me shit  
Tryin to pass me chips(doritos)  
And you know you aint sexy You fat as shit  
You should think about it, take a second  
HMMM?!  
Maybe stash them sweets  
And think before the next time your fatass eats

(Chorus)

If you feelin over weight girl  
(drop a couple pounds, drop a couple pounds, Drop a couple pounds)  
If your stomach bigger than your ass bitch  
(drop a couple pounds, drop a couple pounds, drop a couple pounds)  
If you ate too many snacks girl  
(drop a couple pounds, drop a couple pounds, drop a couple pounds)  
Now if you can't see your shoes and you don't know what to do  
Better hit the gym girl stop eatin all the food
